

Hi Gary:

We had an addition added to our home as well as a double car garage and we had nothing but exceptionally fine dealings with Triton Custom Homes. The quality of their work was superb and the few times we had to ask for changes, Gary carried them out quickly.

We were so pleased with the addition and garage that Triton Custom Homes also remodeled our kitchen (granite counter tops, additional cabinet, sink, and porcelain tile floor) and remodeled both our bathrooms (heated granite floors, jetted tub, granite counter tops, new sinks and toilets) as well as new carpet in the remainder of the home.

We were living in Seattle when all this work was being done and everyone at Triton kept us updated with the status of the project.

Thank you to everyone at Triton Custom Homes as we enjoy our home every day now that we live full time in Desert Aire and we would not hesitate to recommend Triton to friends and family.

Wilbert and Linda Rance
